- To conform with all applicable federal, state and other legal requirements;

- To provide sufficient liquidity to meet all operating requirements; and
- To obtain a reasonable rate of return.

II. Delegation of Authority

The responsibility for administration of the investment program is delegated to the Administrative Director who shall establish procedures, subject to Board approval, for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates, and other relevant information.

III. Prudence

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Corporation.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

Consistent with the Columbia County Capital Resource Corporation's Conflict of Interest Policy, all participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.
