

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

To the Chairman and Board of
Columbia Economic Development Corporation:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Columbia Economic Development Corporation as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Columbia Economic Development Corporation's basic financial statements, and have issued our report thereon dated March 30, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Columbia Economic Development Corporation's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Columbia Economic Development Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of Columbia Economic Development Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and responses as item 2022-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Columbia Economic Development Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Columbia Economic Development Corporation's Response to Findings

Columbia Economic Development Corporation's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Columbia Economic Development Corporation's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FINDING 2022-001

Significant Deficiency in Internal Control over Financial Reporting – Significant Audit Adjustments

Criteria:

The Corporation is responsible for ensuring its financial statements are recorded in accordance with Generally Accepted Accounting Principles (GAAP).

Condition:

The Organization's auditor was required to propose a significant number of adjustments during the audit process in order for the financial statements to be recorded in accordance with GAAP.

Cause:

Management's accounting staff do not consistently ensure its financial statements are recorded in accordance with GAAP.

Effect or Potential Effect:

The Corporation's financial statements could be misstated and not in conformity with GAAP.

Recommendation:

Management should enlist the necessary resources to ensure that its financial statements are properly adjusted to ensure conformity with GAAP.

Responsible Official's Response:

In 2023, the Corporation's management have engaged a CPA firm to assist with remedying this matter.
