John Frishkopf	Drumlin Field	Present	
Brett Mattingly	Drumlin Field	Present	

Mr. Pierro opened the hearing. He noted the purpose of the public hearing was to gather comments and opinions about the project from the public. He reminded the attendees the Town of Claverack had approved the project on June 4, 2018. He asked John Frishkopf from Drumlin Field to give an overview of the project to the audience.

Mr. Frishkopf stated the facility would be a field to glass operation producing 10,000 cases per year. He noted the 80 acres would be farmed, with plantings of grapes and apples. He reviewed the process, noting the production area would be 20,000 square feet in size. Mr. Frishkopf stated the site would contain a distillery and tasting room. He noted the site would welcome visitors and have space for picnicking and serve a limited menu. He anticipated breaking ground this summer and opening for customers in late spring 2020. Mr. Pierro thanked Mr. Frishkopf and asked if there were any public comments.

Jordan McComb stated he was representing the Taconic Hills School District. He stated the district was excited about the project, and would be contacting the business in the near future to discuss ways to incorporate educational collaboration.

Mike Tucker stated Columbia Economic Development Corporation had indicated their support of the project. He noted the Columbia County Board of Supervisors had also indicated their support by approving the submission of a CDBG application on their behalf. Mr. Tucker stated the Town of Claverack had approved the site plan and the SEQR had been completed. He noted the project was consistent with the Governor's craft beverage initiative as well as the county's service industry.

Sidney Richter asked the amount of the current school taxes. Mr. Tucker stated they were currently below \$10,000. He noted the distributed cost benefit analysis was not the final version. He stated the current PILOT numbers had not been inserted. He stated the corrected numbers would be included in the Board packet at the next meeting.

With no further comments from the public or board, Mr. Pierro closed the public hearing at 8:42am.
